MGA Leadership Forum

Prince Hotel & Residence, Kuala Lumpur

Wednesday, 4 May 2011

In conjunction with the Annual General Meeting 2011 (AGM 2011), MGA organised a half-day forum on Leadership, facilitated by The ICLIF Leadership and Governance Centre. The Forum was held on 4th May 2011 at the Prince Hotel & Residence, Kuala Lumpur.

The ICLIF Leadership Centre was established by Bank Negara in October 2003 to provide leadership development programmes for Malaysian and global senior executives from financial institutions but has since extended its mandate to all sectors.

Mr Rajeev Peshawaria, CEO & Executive Director of ICLIF and the author of the newly released book entitled "TOO MANY BOSSES, TOO FEW LEADERS" (Simon & Schuster, 2011) shared his talk on his extensive global experience in leadership development and coaching senior management teams in efforts to streamline Business Strategy, Organizational Architecture and Culture.

The other speaker for the day was Mr David Wee, a Director of Research and Curriculum, ICLIF. He has extensive regional and global experience in the talent management space, with a particular passion in development of high potentials, the diagnosis of organizational talent management capabilities and change management. Mr Wee talked about "How can we create a Winning Organisation?".

These are two excellent talks drawn from research findings on how leaders can create meaningful conditions and frameworks for leadership in an organization. Attendees found the session both enlightening and beneficial in helping their own leadership journey to create superior business performance for their organizations.

MGA Leadership Forum was attended by more than 20 participants. Interested parties were able to establish networking contacts with the officials for further deliberation.

MGA members from Malakoff, Muhibbah Engineering, JX Nippon Oil & Gas Exploration (Malaysia), Tokyo Gas Co., Shell Malaysia, Shell MDS (Malaysia), Misi Setia Oil & Gas, YTL Power Generation, Diamond Gas Holdings, Maser (M), Into Solutions, Kawasaki Gas Turbine Asia, Gas Float, Transwater Api, Excelver Corp., Cekap Technical Services, WGC 2012 and MGA Secretariat participated in the excursion.

The 33 members of MGA were given the overview of the operations of the two gas premises by the appointed representatives, and followed by guided tours within the facilities. The participants found the visit very beneficial and educational with much 'on-the-spot' learning and sharing.

The 2-day event became more interesting and memorable when the unplanned tours to the Terendak and Gemas Military Camps, and the Melaka Riverside Cruise were added to the itinerary.

The MGA would like to express our appreciation and gratitude for the recommendations received from YBhg. Maj Gen (R) Dato' Sulaiman Yusof of Into Solutions.

The trip was an enjoyable one for everyone.

Finally, MGA wishes to convey its heartfelt gratitude and appreciation to all involved in making the event a success.

We also would like to thank En. Nizaruddin of PPMSB, En. Mohd Ashraf of PGB, Pn. Rohayu of ALAM, the speakers/presenters and the Management of PPMSB, PGB-SOC, ALAM, Terendak and Gemas Military Camps for granting the access to the facilities involved, warm hospitality and making the visits a big success.
